

Bayfield County Lakes Forum Toxic Sinker/Jig Anonymous Survey

Location: \_\_\_\_\_

*Scientific studies now confirm that ingestion of small lead fishing tackle kills many herons, loons, ducks, eagles and other wildlife. (See GET THE LEAD OUT card.) This poll will help determine angler attitude toward small, non-toxic fishing tackle. Thank you. BCLF*

1. I use non-lead jigs (never) (rarely) (often) (always).

2. I use non-lead sinkers (never) (rarely) (often) (always).

3. Please rate the following:

Cost of non-toxic jigs and sinkers: (Acceptable) (Unacceptable) (Don't know)

Availability of non-toxic jigs and sinkers: (Acceptable) (Unacceptable) (Don't know)

Performance of non-toxic jigs and sinkers: (Acceptable) (Unacceptable) (Don't know)

Other comment: \_\_\_\_\_
